Re: February 2012 Spring Conference

Date: October 2011

Our MCCTA 2012 Spring Conference will be held from Tuesday February 14th through Thursday at noon February 16th, 2012. NOTE: The location will be in Jefferson City, MO at the Capitol Plaza Hotel.

There will be a variety of sessions addressing issues important to us. Particularly, the conference will provide the platform to interact with the stakeholders for Career and Technical Education nationally and in Missouri. In addition, this year we are embedding our MoACTE/MCCTA Legislative activity into our conference.

Additionally, we will build on our work with implementing exemplary programs and services. We will continue to utilize our national, state & regional leaders to provide us with sessions that we can really use back at our schools!

This conference will be very applicable for all our members including set-aside sessions for our clusters: secondary, post-secondary, comprehensive high schools and career education coordinators.
